

U8-U12 Only: Roster Movement Disclosure

Sac United Soccer Club is committed to fostering the growth and development of your soccer player, and your involvement is vital to our collective success. To ensure clarity regarding your commitment and responsibilities as a valued member of Sac United Soccer Club, we have outlined the following agreement.

By registering with Sac United Soccer Club, the **Parent(s) and/or Legal Guardian(s)** and **Player** confirm that they have read, understood, and agreed to the terms outlined in the **U8-U12 Only: Roster Movement Disclosure** (if applicable).

This policy must be read and agreed to as part of the registration process when enrolling with Sac United Soccer Club.

Each acknowledges and agrees to the following:

At Sac United Soccer Club, we prioritize the holistic development of each player, ensuring that they have the opportunity to play at their age-appropriate skill level while fostering confidence and growth. As part of our commitment to the best interests of every player, we implement a fluidity roster movement policy within our U8-U12 age groups.

Purpose:

The purpose of the fluidity roster movement policy is to allow players to move up and down rosters as needed, ensuring that they are consistently challenged and supported in their development journey. This approach enables players to compete at a level that aligns with their current abilities and provides opportunities for growth and advancement.

Principles:

Player-Centric Approach: Our primary focus is on the individual needs and development of each player. We believe that every player deserves the opportunity to play at a level that promotes their growth and enjoyment of the game.

Age-Appropriate Skill Level: We recognize that players develop at different rates and that their skill levels may vary. Our fluidity roster movement policy allows players to play with peers who match their skill level, regardless of age, to ensure appropriate challenges and opportunities for advancement.

Confidence and Competence: By allowing players to compete at a level where they feel both challenged and supported, we aim to cultivate confidence and competence on the field. This approach fosters a positive playing experience and encourages players to push their boundaries and reach their full potential.

Process:

Evaluation and Placement: Players are initially placed on rosters based on age and skill level assessments conducted by our coaching staff. These assessments are ongoing and may be adjusted as players progress and develop.

Fluidity Movement: Players may be moved up or down rosters throughout the season based on their performance, development, and individual needs. This movement is determined by coaching staff in consultation with players and their families.

Communication: Open communication between coaching staff, players, and families is essential in the fluidity roster movement process. Coaches will provide feedback and guidance to players regarding their placement and support them in their development journey.

Decision-Making Authority: While player and family input is valued, the final decision regarding roster movement rests with the group age coordinators for each group. These coordinators, in collaboration with the coaching staff, will consider all factors, including player performance, development goals, and team dynamics, to make informed decisions that best serve the interests of the group as a whole.

Conclusion:

At Sac United Soccer Club, our fluidity roster movement policy reflects our commitment to prioritizing the best interests of each player. By providing opportunities for players to compete at their age-appropriate skill level, we aim to foster confidence, growth, and a lifelong love of the game.

We believe that every player has the potential to excel, and we are dedicated to supporting them in reaching their goals and aspirations on and off the field.
